		› Water	› Water	› Water	› Water	› Water

Fruit Fiesta: All our lunches are served with an assortment of seasonal, fresh fruits.

Summer Veggie Medley: Broccoli, Cauliflower & Carrot | **Super Sunrise Veggies:** Green Bean, Orange Carrot & Yellow Carrot

Chef Lisa's Tip:

Mother Nature has turned up the heat, so it's important to stay hydrated. If you find it hard to drink your eight glasses of water daily, try mixing it up! Naturally flavour your water with fresh fruits, vegetables or herbs for a change of pace. Try cool combinations like raspberry lime or pineapple mint! Yummy!!

Kidco Kitchen Fun Fact:

Water makes up more than half of our body weight and is essential for us to function. On average we lose about 10 cups of water a day just from sweating and breathing! Remember, more sun is more fun – but only if you stay hydrated!

		▶ Water	▶ Water	▶ Water	▶ Water	▶ Water

Fruit Fiesta: All our lunches are served with an assortment of seasonal, fresh fruits.

Summer Veggie Medley: Broccoli, Cauliflower & Carrot | **Super Sunrise Veggies:** Green Bean, Orange Carrot & Yellow Carrot

Chef Lisa's Tip:

Quinoa was a vital and important crop for the Inca Empire referring to it as the "mother of all grains" and it was believed to be sacred. It has been eaten for thousands of years in South America and only recently became a trendy health craze (on par with avocado toast). Plus, it is good for the planet...win, win!!

Kidco Kitchen Fun Fact:

Plant-based proteins are here to stay and my go-to is always quinoa. It is gluten-free, high in protein and one of the few plant foods that contain all nine essential amino acids. This superfood is also high in fibre, magnesium, B vitamins, iron, potassium, calcium, phosphorus, vitamin E and various beneficial antioxidants.

		> Water	> Water	> Water	> Water	> Water

Fruit Fiesta: All our lunches are served with an assortment of seasonal, fresh fruits.

Summer Veggie Medley: Broccoli, Cauliflower & Carrot | **Super Sunrise Veggies:** Green Bean, Orange Carrot & Yellow Carrot

Chef Lisa's Tip:

Dill is best eaten fresh because it doesn't keep much of its flavour if you dry it, but it freezes well. A good way to freeze dill is to put the leaves in a blender pulsing to a fine chop and then add enough water to just turn the chopped leaves into a paste. Spoon the paste into an ice cube tray, freeze and transfer the resulting cubes to a resealable bag in the freezer. Now you can add a dill ice cube anytime you want a burst of fresh dill flavour to your family meal!

Kidco Kitchen Fun Fact:

Because it has such a unique taste, a small amount of dill can go a long way. The feathery texture of dill leaves looks beautiful and a small sprig can add a noticeable aroma notching up the flavour palate. It's also good in any soup, stew, cured fish, dill pickles, tzatziki, and is the key ingredient in homemade ranch dressing!!!

Summer Veggie Medley: Broccoli, Cauliflower & Carrot | **Super Sunrise Veggies:** Green Bean, Orange Carrot & Yellow Carrot

Chef Lisa's Tip:

Contrary to popular belief, the best way to choose a mango is not as much about the colour as it is its firmness. Push gently against the skin with your thumb. If it's "squishy," it's too ripe; too hard and it's not yet done. It's perfect when it gives ever so slightly to gentle pressure, and may also have a fruity aroma on the stem end. If un-ripe, you'll want to keep it at room temperature so it can become not just softer, but also sweeter. To speed up the ripening process, place it in a brown paper bag for a few days, checking at regular intervals.

Kidco Kitchen Fun Fact:

Mangoes are an ancient tropical fruit oval in shape and around five inches long. They have a heavy single, flat large seed or stone in the middle, which makes them a challenge to cut sometimes. The effort is worth the reward... sweet, fresh, and juicy with just the right touch of tartness. Their natural tenderizing properties make mangos the perfect ingredient for marinades for any type of meat.
